

“With theological and contextual faithfulness, *the Peace Table* magnifies God’s movement for peace in the Hebrew Bible, Jesus’ life, and the emergence of the Ekklesia. Children and the adults who read alongside them will linger over the captivating illustrations that bring biblical scenes to life with creativity and depth. The text is delightfully narrated, clear, and profound. I have never seen a Children’s Bible with such integrity to the original text, beauty in art, and prose, emphasis on the theme of peace, and anti-oppression commitment that pervades the entire project.”

Sarah Bixler—Associate seminary dean and assistant professor of practical theology and formation at Eastern Mennonite Seminary

*The Peace Table* is the new storybook Bible from Shine, jointly published by Menno Media and Brethren Press
